Dan,

This is a letter of appreciation for your support through the past two years. Cookies provided by the Operation Veterans have been a great success.

As you know, we see combat Veterans and their families from WWII, Korea, Vietnam, Desert Storm and the Global War on Terrorism. Our "front line" is made even more welcoming as the Veterans are greeted with fresh coffee and yummy cookies (especially for the young Veterans, who seem to always be hungry!).

The special touch added by your delicious contributions adds to our providing all our Veterans with an extra level of comfort and makes them feel at home.

Thanks so much for your continued support.
